My Classroom

In this chapter, you will learn about your classroom.

This is our **classroom**. We study in a classroom. My classroom is very big. There are **fifty children** in my class. There are **thirty-three boys** and **seventeen girls**. There is a **blackboard** on which the teacher writes with a **chalk**. The teacher usually has a big **table** and a **chair** to sit on. There is a **desk** and a **chair** for every child. The children's desks and chairs are put neatly in rows.

There is a **cupboard** on one side. On the wall behind us is a

pin-up board. We put up **charts** on it. There is a **dustbin** in one corner. We throw waste papers, peels and pencil shavings into the dustbin. We do not write on the walls. We keep our classroom clean. Our classroom looks pretty.

We sit quietly on our seats. When the teacher enters the classroom, we stand up and greet him/her.

Teacher teaches us many things. We listen to him/her carefully. We never make a noise in the classroom. We keep complete silence.

When the teacher asks us questions, we stand up to answer them. We help one another and share our things. Our teachers are very loving.

We should keep our classroom neat and tidy.

People Who Help Us

There are many helpers in our neighbourhood and in our life. We will study here about some of them.

We need many things, but we can't get all of them ourselves. We have to take help of other people. The people in our neighbourhood do many jobs. These people help us in different ways. Any job or work which gives money to the people is called their **profession** or **occupation**. Let's learn about them:

Farmer grows food grains, fruits, vegetables, etc.

Teacher teaches us many things in a school.

Doctor treats the sick people in a hospital or in his clinic.

Nurse takes care of the patients in a hospital or in a nursing home.

Tailor stitches our clothes.

Cobbler mends our shoes.

Barber cuts our hair.

Policeman protects our lives and property.

Postman brings our letters.

Mason builds our houses.

Just Rewind Up

The Sun and Land

In this chapter, you will learn about the sun, air, land and water.

The Sun

When we look at the sky during the day, we see a shining ball. It is the **sun**. The sun is a star. It gives us heat and light. It rises in the east. It sets in the west. The sun also helps plants and animals to grow.

The sun rises in the morning. People go to their work.

The sun sets in the evening. It falls night. People go to sleep.

Nights are cool and dark.

Land

We all live on the land.

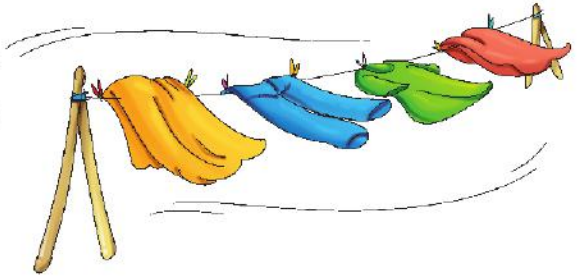

We can see the mountains, hills, rivers, cities, etc. on the land.

Our school and house are on the land. We grow crops on the land.

Air

We all need air to breathe in. Air is all around us. We cannot see air. We can only feel air when it moves. We fly kites in the air.

Water

We cannot live without water.

All living beings and plants need water to survive.

We use water for :

bathing

cooking

washing clothes

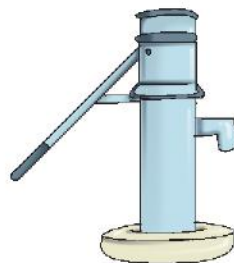

drinking

Rain is the main source of water. Water is found **below the earth**, in the **rivers**, **oceans**, **ponds**, etc.

We can take water out through **wells**, **tubewells**, **hand pumps**, etc.

Manu touches electric wires at home. Tell him not to do so.

Early Man

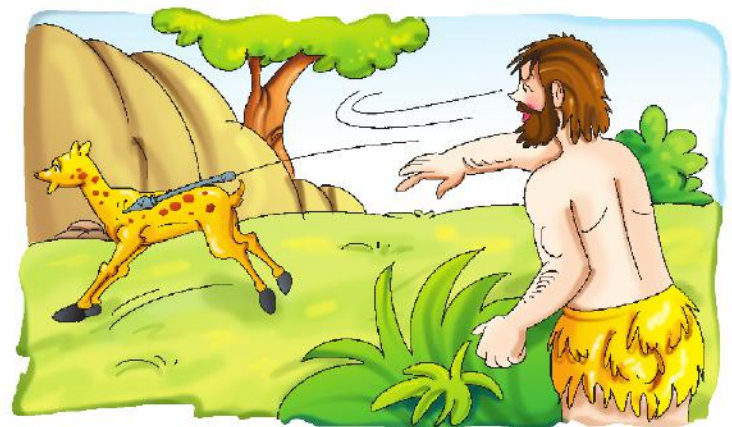

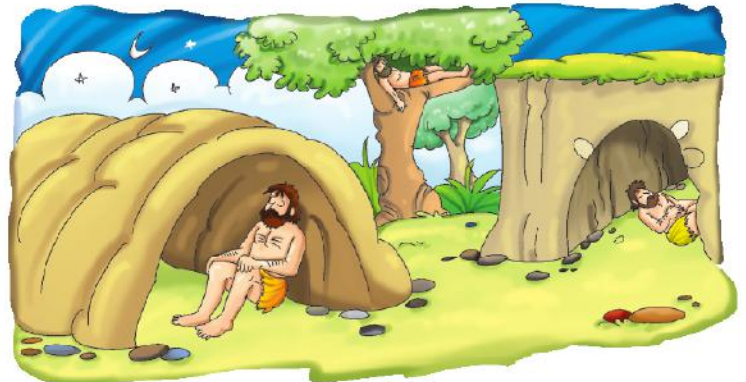

We have not seen the early man. You will learn in this chapter about the life of early man and discovery of fire.

Man has been living on the earth for more than 4,00,000 years ago. He was known as **early man** at that time. We have not seen the early man.

Early men lived in the forest like the animals. His life was very hard. He had no clothes. He covered his body with leaves and bark of trees. He slept in the caves or trees in the night.

He did not know how to grow crops. He ate wild fruits, roots and grass. He killed animals and ate their flesh raw.

The early man made tools of stones and bones for killing the animals.

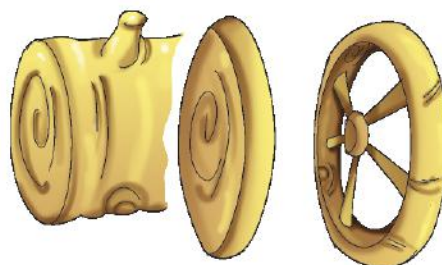

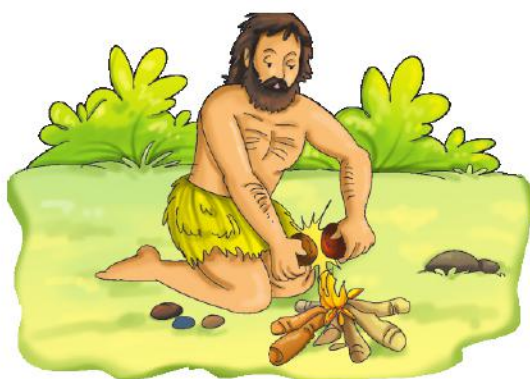

As time passed by, the early man became wise. Gradually, he learnt to make fire by rubbing two stones. Then he began to roast his food.

Gradually, the early man made progress. He started growing crops. He domesticated animals like cow, goat, horse, sheep donkey, etc.

Informative

It is considered that early man first domesticated the dog.

Early man walked on foot from one place to another. Later on, he invented a wheel. Now he made a cart.

The life of early man kept on changing with time. He learnt how to read and write. He made inventions of many things. Now we are modern men, and there is no early man on the earth.
