PREFACE

The **Green Home** is a comprehensive series of Environmental Studies for Classes 1 to 5, based on the latest syllabus of **New Education Policy (NEP) 2020**, and has been prepared according to the guidelines of the **National Curriculum Framework (NCF)**.

The nature of children is very curious. They want to know the answers of all the questions which arise in their minds. The answers of such questions are given in this series. Simple student-friendly language, colourful and well labelled illustrations will help in the teaching of chapters. Picture based activities and a vast variety of exercises will help practising a lot.

As the world is progressing in its environmental problems, such as climate change, global warming, deforestation and pollution, the need of environmental education has become quite necessary. This series enables the students of primary school to develop a solid foundation in this subject, so that they could gain a lifelong love for their planet, Earth and grow to be individuals who are concerned for the environment.

The main features of this series are as follows:

- Powerful visual appeal with multi-coloured pictures.
- Enjoyable skill-based learning.
- Interactive and child centered approach has been followed to arouse interest in the students, to enhance their level of curiosity.

We hope that parents and teachers will give prudential consideration and realistic approach to the book. Any suggestions for the improvement for this book shall be gratefully acknowledged and incorporated, in the subsequent editions.

—Author and Publisher

INCORPORATES NEP 2020

This series has been created with new dimension of joyful learning, along with completely mapped parameters of National Education Policy, 2020.

INSIDE THE BOOK

Outline includes the topics to be learnt in the chapter.

- Food Groups
- Meal
- Water
- Good Food Habits

Recollect includes summary of the chapter.

- People do different kinds of works.
- For everybody, work is an important part of life.
- People do the work to earn money.
- Work done to earn money is called a job or an occupation.

Skill Based Learning stimulates a smart learning for the topics being covered in the chapter which in turn improves the communication and logical skills.

- Art Integration**
- Make a poster on the topic 'water is precious'. Make it colourful and write a message on it about how to conserve water.
 - Present a short skit showing how water gets polluted and what are the do's and don'ts that we should follow to prevent water pollution?

Have a Look! includes some facts related to the chapter to enhance the knowledge of students.

Have a Look!

Plants purify the air by taking in dirty air (carbon dioxide) and giving out clean air (oxygen).

Let's Do! contains carefully graded exercises to test the knowledge of concepts learnt in a chapter.

Let's Do!

A. Tick (✓) the correct option.

- Which part of the plant absorbs water and minerals from the soil?
a. Roots ☐ b. Leaves ☐ c. Stem ☐
- Fruits are:
a. tasty ☐ b. healthy ☐ c. Both a and b ☐

Rack Your Brain includes the questions based on creative thinking.

RACK YOUR BRAIN.

Creative Thinking

- Rajni drank water from a roadside tap, and soon after that he felt sick and started vomiting. Guess the reason.

Teacher's Note provides important information and suggestions on creative approaches to a chapter or a topic.

TEACHER'S NOTE

- Discuss ways of saving water. Tell the students different ways such as using the water that was used to wash vegetables, to water the plants.

Contents

Unit-1 Me and My Family

- | | |
|---------------------|----|
| 1. About Myself | 7 |
| 2. Our Body | 11 |
| 3. Our Sense Organs | 17 |
| 4. My Family | 22 |

Unit-2 Our Basic Needs

- | | |
|----------------|----|
| 5. Food We Eat | 28 |
| 6. Our Clothes | 35 |
| 7. House | 40 |

Unit-3 Our Surroundings

- | | |
|------------------------|----|
| 8. Places Near My Home | 47 |
| 9. Our School | 52 |
| 10. Our Festivals | 58 |
| 11. Animal World | 64 |

Me and My Family

ABOUT MYSELF

Know Me

Know Me

My name is _____.

I am _____ years old.

My father's name is _____.

My mother's name is _____.

I study in class _____.

I have _____ brothers and _____ sisters.

The address of my home is _____.

The name of my school is _____.

My class teacher's name is _____.

The Principal of my school is _____.

Paste
your current photograph
here.

My parent's mobile number is _____.

I watch _____ and _____ programmes on T.V.

I play _____ and _____ games with my friends.

My best friend is _____.

Have a Look!

We use the word 'Hello' several times a day to greet people or attract attention.

The word 'Hello' came into existence in 1967.

Let's Do!

A. Tick (✓) the correct option.

1. I am a _____.

a. boy

☐

b. girl

☐

2. My nails are:

a. long

☐

b. short

☐

3. My teeth are:

a. yellow

☐

b. white

☐

4. My hair is:

a. brown

☐

b. black

☐

B. Fill in the blanks.

1. The name of my school is _____.

2. My class teacher's name is _____.
3. My favourite subject is _____.

C. Write your likes in the blanks given below.

- | | | | |
|---------|-------|-------------|-------|
| 1. Bird | _____ | 2. Colour | _____ |
| 3. Game | _____ | 4. Festival | _____ |
| 5. Food | _____ | 6. Animal | _____ |

Skill Based Learning

- A. How old are you? Make as many balloons as your age and fill them with colours of your choice.**

Art Integration

B. Colour your birthday cake given below.

Art Integration

Life Skills and Values

- C.** Be confident when introducing yourself and smile while greeting others. Always respect your elders and love your youngers.

RACK YOUR BRAIN.○

Critical Thinking

- If any of your friends is angry with you then how will you convince him?

TEACHER'S NOTE

- Ask the students to talk about themselves and about the things they enjoy doing. They can bring their favourite toy to the class to show and tell about it.
- Encourage the students to talk about their likes and dislikes. Ask them what they like to do in their free time.

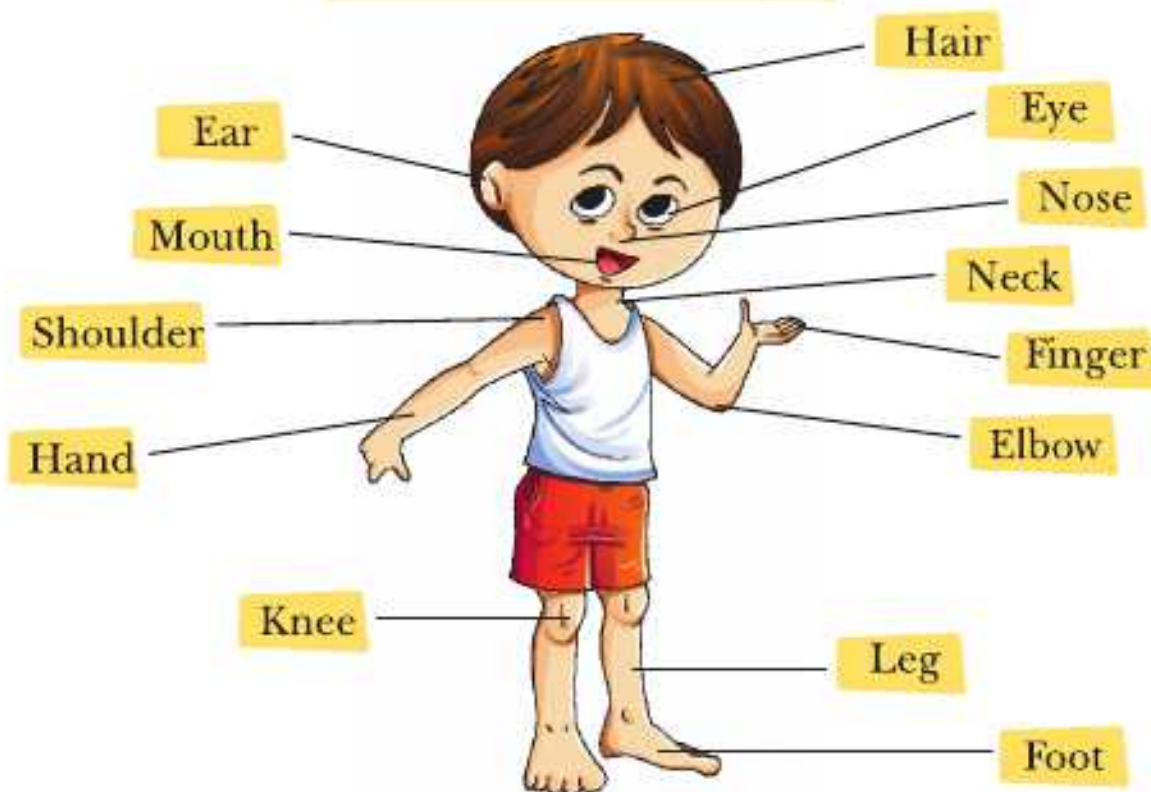

OUR BODY

- Our Mouth
- Our Legs

- Our Hands
- Good Habits

Parts of Our Body

Our body has many parts. Every part has a name. Body parts help us to do different works. Some of our body parts are in pairs.

Some of them are as follows:

- Two ears
- Two eyes
- Two legs
- Two hands

Have a Look!

The skin is the largest body part. It covers the whole body.

The size of our body parts grow as we grow.

Our Mouth

Eat

Speak

Drink

Sing

We have one mouth.

It has tongue, lips and teeth.

We eat food with our mouth.

Mouth helps us to speak.

Our Hands

Clap

Write

Throw

Paint

Have a Look!

All fingers have names. They are thumb, index finger, middle finger, ring finger and little finger.

We have two hands.

Each hand has five fingers.

Hands help us to clap and write.

Our Legs

Run

Dance

Jump

Skip

We have two legs and two feet.

Each foot has one thumb and four toes.

We run with the help of legs.

We use our legs and feet to dance, jump and skip, etc.

Good Habits

Everyone likes to be clean and tidy. To be neat and clean always, we must learn good habits of cleanliness.

Wake up on time.

Have a bath daily.

Dress neatly.

Wash hands before and after eating.

Comb your hair properly.

Play Games.

Eat healthy food.

Sleep on time.

Our body needs to be looked after. We must take care of ourselves in the following ways.

- Eat healthy food.
- Play games and exercise everyday.
- Always keep your nails short and clip them regularly.
- Avoid eating junk food.
- Eat lots of fruits and green vegetables.

- ◆ Our body has many parts.
- ◆ These body parts have different names.
- ◆ Some body parts are in pairs.
- ◆ Body parts grow with age.
- ◆ We should keep our body clean.

A. Tick (✓) the correct option.

1. How many fingers do you have in both hands?

a. 7

☐

b. 8

☐

c. 10

☐

2. Which is not a part of our body?

a. Hand

☐

b. Leg

☐

c. Pencil

☐

3. We use our mouth to:

a. dance

☐

b. eat

☐

c. jump

☐

B. Fill in the blanks with the words given in the box.

four, two, mouth, legs

1. We have _____ legs.
2. Each hand has _____ fingers.
3. We use our _____ to run.
4. We eat food with our _____.

C. Write T for true and F for false.

1. We have one mouth.
2. We have seven fingers in each hand.
3. Our hands help us to clap.
4. We use our legs to jump.

D. Answer the following questions.

1. Write the names of two parts of our body.

(a)

(b)

2. Which part of our body helps us to run and jump?

3. How do our hands help us?

4. Write any one healthy habit?

Skill Based Learning

A. Write the number and colour of the following body parts. **Problem Solving**

Eyes
Colour
Number

Ears
Colour
Number

Teeth
Colour
Number

Finger Nails
Colour
Number

Lips
Colour
Number

Tongue
Colour
Number

Life Skills and Values

B. Besides keeping our body healthy. We should do these good deeds too.

- Be helpful to other.
- Always obey your elders.
- Be regular in work.
- Always be punctual.
- Never fight with anyone.
- Speak politely with everyone.

RACK YOUR BRAIN.○

Critical Thinking

- What would happen if we do not eat our breakfast?

TEACHER'S NOTE

- Help the students to identify and recognise different parts of their body. Play a game where you call out the name of a body part and the students have to touch that body part. For example, ask them to touch their nose, their neck, fingers of their left hand and so on.

OUR SENSE ORGANS

- Eyes
- Ears
- Nose
- Tongue
- Skin

Our body has five sense organs. Eyes, Ears, Nose, Tongue and Skin are our sense organs. These sense organs help us to feel the changes that occur around our body. These help us to see, hear, smell, taste and feel.

Eyes

We have two **eyes**.

We see with our eyes.

We watch television with our eyes.

Ears

We have two **ears**.

We hear with our ears.

We also listen to music with our ears.

Nose

We have one **nose**.

It helps us to smell and breathe.

We smell the sweet smell of flowers and perfumes with our nose.

Have a Look!

Dogs have very sensitive nose. They can recognise anybody by smelling.

We get bad smell from heaps of garbage and dirty drains.

Tongue

We have a **tongue** in our mouth.

Our tongue helps us to taste different foods that we eat.

It also helps us to speak.

Skin

Skin is a thin layer which covers our whole body.

Our skin helps us to feel the touch.

We feel hot, cold, soft or hard with our skin.

- ◆ Our body has five sense organs.
- ◆ Eyes help us to see.
- ◆ Ears help us to hear.
- ◆ Nose helps us to smell.
- ◆ Tongue helps us to taste the things.
- ◆ Skin helps us to feel the touch.

A. Tick (✓) the correct option.

1. How many sense organs do we have?
a. Four ☐ b. Five ☐ c. Six ☐
2. Which sense organ do we use to see?
a. Eyes ☐ b. Ears ☐ c. Tongue ☐
3. Our nose helps us to:
a. taste ☐ b. smell ☐ c. feel ☐
4. Which sense organ helps us to hear?
a. Ears ☐ b. Skin ☐ c. Tongue ☐

B. Fill in the blanks with the words given in the box.

see, nose, feel, tongue

1. We breathe and smell with our _____.
2. Eyes help us to _____.
3. Our skin helps us to _____ the touch.
4. _____ helps us to taste the things.

C. Write T for true and F for false.

1. Ears tell us that the telephone is ringing.
2. Skin helps us to taste the food.
3. We watch television with our eyes.
4. Nose helps us to smell.

D. Answer the following questions.

1. Write the names of our sense organs.

2. How do you smell good and bad?

3. Which sense organ helps us to feel?

4. What do we do with our ears?

Skill Based Learning

A. Rewrite the correct spellings of jumbled words.

R E A

K S N I

E S N O

Y E E

T N O G U E

- B.** One of the children close the eyes. Other children make different sounds from various corners of the room. They can clap, tap a foot, strike a pencil or a duster on the table. Tell, what sound is coming?
- C.** Draw the missing body parts in the following.

- D.** Do you know anyone who cannot see, hear or speak? Some people cannot use all parts of their body as we do. Such people are called differently-abled people. We should not make fun of such people. We should help them whenever and wherever possible.

RACK YOUR BRAIN.○

- What happens when we are hungry and smell tasty food?
- If someone is ill in your neighbourhood, should you play loud music?

TEACHER'S NOTE

- Discuss the five types of senses— sight, hearing, smell, taste and touch in detail. Ask the students to name at least one activity they do using their individual sense organs.
- Ask the students to make a list of ten activities that they can do with the help of their sense organs. Tell them that it is important to take good care of our sense organs.

MY FAMILY

- A Nuclear Family
- A Joint Family
- Our Duties Towards Our Family

Parents and their children make a family.

A Nuclear Family

When one set of parents and their children live together in a house, it is called a nuclear family. A nuclear family, the number of family members is less. In a nuclear family, people of same family live together.

In the family, everyone shares the work at house. They help each other. People in a family love each other.

A Joint Family

When more than one set of parents and their children live together in a house, it is called a joint family.

A joint family can also be big or small. In a big joint family, grandparents, parents, children, aunt, uncle and cousins, all live together in the same house.

My cousins are the children of my uncle and aunt. My father's parents are called grandparents.

Uncle's wife is called aunt and father's brother is called uncle.

Have a Look!

Your Special name at home is called nickname or pet name.

Our Duties Towards Our Family

As a family, we all have certain duties to perform.

- We should help our mother in the kitchen.
- We should help in keeping our house clean.
- We should take care of our younger brothers and sisters.
- We should look after the plants.
- We should help in buying things for the house.

- ◆ Parents and their children make a family.
- ◆ Family can be a nuclear family or a joint family.
- ◆ We should follow our duties towards our family.

A. Tick (✓) the correct option.

1. Father and mother are called:
a. grandparents ☐ b. parents ☐
c. None of these ☐
2. One set of parents and one or two children make a:
a. nuclear family ☐ b. joint family ☐
c. big family ☐
3. My cousins are the children of my:
a. father ☐ b. uncle ☐ c. grandfather ☐

B. Fill in the blanks with the words given in the box.

four, help, uncle, aunt

1. All members of the family _____ each other.
2. A nuclear family has maximum _____ members.
3. Uncle's wife is called _____.
4. Father's brother is called _____.

C. Write T for true and F for false.

1. Parents and their children make a family.
2. A joint family includes more than one set of parents and their children.
3. We should not look after the plants.
4. Parents and a child cannot make a family.

D. Match the following.

- | | |
|---------------------|----------------|
| 1. Father's brother | a. Cousins |
| 2. Uncle's wife | b. Grandfather |
| 3. Father's father | c. Uncle |
| 4. Uncle's children | d. Aunt |

E. Answer the following questions.

1. How many members are there in your family?

2. Is your family a joint family or a nuclear family?

3. Write any two duties towards your family?

4. Who is the favourite member of your family for you?

Skill Based Learning

- A. Collect the following information about your family members and fill up the table given below.

Member	Name	Birthday
1. Grandfather		
2. Grandmother		
3. Father		
4. Mother		
5. Brother		
6. Sister		
7. Uncle		
8. Aunt		
9. Cousin		

Art Integration

- B. Make a big card for your Grandparents. Collect the pictures of all your family members. Paste all these pictures on the card. Present this card to your Grandparents on Grandparents day.

Life Skills and Values

- C. We should respect our elders. We should always listen to them and follow their advice.

RACK YOUR BRAIN.○

Critical Thinking

- What kind of family do you have — a small family or a joint family?
- How do you help your parents at home?

TEACHER'S NOTE

- Discuss the different types of families. Discuss about the relationship of different members of the family and the importance of respecting them.

Our Basic Needs

FOOD WE EAT

- Kinds of Food
- Food from Plants
- Food from Animals
- Eating Time

All of us need food to live. It is our basic need. We cannot live without food. We need food to:

- get energy to work and play.
- become strong and healthy.
- grow.

Kinds of Food

We get food from plants and animals.

Food from Plants

We get fruits and vegetables from plants and trees. Plants which give us food, are called crops. Rice and wheat are seeds of plants. They are called cereals or grains.

Mustard plant

Wheat

Rice plant

Rice

We also get oils like mustard, sunflower, coconut, groundnut, etc. from the plants.

Roots of plants

Fruits of plants

Leaves

Vegetables are parts of plants. Some are roots, some are leaves and some are fruits. We cook some vegetables whereas some we eat raw as salads.

It is healthy to eat fruits.

We do not cook the fruits we eat.

But we make jams and juices with fruits.

Food from Animals

We get meat, egg, fish and milk from animals.

We make butter, cheese, ghee and curd from milk.

Meat

Eggs

Fish

Milk is a complete food. It is good for health.

Children like ice creams and chocolates. Too much ice creams and chocolates harm their teeth.

Have a Look!

Dinner is called 'Supper' in some countries.

We should drink at least two glasses of milk everyday. Oily food and cold drinks are not good for health.

Eating Time

We eat three meals in a day. We must take our meals at fixed time.

We take breakfast in the morning.

We should always have a glass of milk with breakfast.

We take lunch in the afternoon.

We should eat chapatis, rice, dal and vegetables during lunch.

We take dinner at night.
Dinner should be light.
We should always take a glass of milk
after dinner.

Clean Food

We should eat the food that is clean and freshly cooked. Dirty or stale food can make us ill. Fruits and vegetables should be washed properly before we eat them.

Good Food Habits

Good food habits help us to become healthy. Some good food habits are:

- Eat meals at the right time. Do not waste food.
- Chew your food well. Do not overeat.
- Do not keep the food uncovered.
- Wash your hands before and after eating.
- Sit at the dining table and eat meals with your family.
- Eat healthy food. Do not eat junk food like, Pizza, Burger, Chowmein often.
- Do not eat from roadside shops.
- Drink clean water, so that you do not fall sick.
- Drink a lot of water.

Recollect .o

- ◆ All living things need food to live.
- ◆ We get food from plants and animals.
- ◆ We should take the meal three times in a day.
- ◆ Food keeps us strong and healthy.

Let's Do!

A. Tick (✓) the correct option.

1. We make butter and cheese from:
a. vegetable ☐ b. fruit ☐ c. milk ☐
2. The meal that we take in the morning is called:
a. dinner ☐ b. breakfast ☐ c. lunch ☐
3. We should eat _____ food.
a. junk ☐ b. covered ☐
c. uncovered ☐

B. Fill in the blanks with the words given in the box.

play, plants, night, milk

1. We get fruits and vegetables from _____.
2. Food gives us energy to work and _____.
3. We take dinner at _____.
4. _____ is a complete food.

C. Circle the odd one in each group.

1. milk jam plant juice
2. work grow play star
3. egg fish meat apple
4. banana orange apple tomato

D. Answer the following questions.

1. What is our basic need?

2. When do we take lunch?

3. What does food give us?

4. Write the names of two fruits and vegetables that you like the most.

Fruits: (a) _____ (b) _____

Vegetables: (a) _____ (b) _____

Skill Based Learning

A. Write the name of food dishes with the help of gives pictures.

- B.** Get some clay of different colours. Make the models of different fruits and vegetables with it. Display them in your class.

- C.** Complete this chart by writing what you had for breakfast, lunch and dinner last week.

Days	Breakfast	Lunch	Dinner
Sunday			
Monday			
Tuesday			
Wednesday			
Thursday			
Friday			
Saturday			

- D.** We should always wash our hands and fruits before eating as germs on dirty hands and fruits can make us sick.

RACK YOUR BRAIN.○

- Why don't we cook salads?
- What should you do if your friend has forgot to bring his/her lunch to school?

TEACHER'S NOTE

- Ask the students to name their favourite meal of the day. Discuss the importance of eating breakfast.
- Discuss the need for regular meals, adequate water and healthy food habits to avoid illness.

OUR CLOTHES

- In Summer
- In Rainy Season
- Uniforms
- In Winter
- Special Occasions

We all need clothes to cover our body. We need clothes not only to look good but they also protect us in different seasons. Clothes protect us from heat, cold, rain and dust. Clean and well-ironed clothes make our look smart and tidy.

We wear different kinds of clothes in different seasons of the year. There are three main seasons — summer, winter and rainy.

In Summer

In the summer, we wear light and cotton clothes. They keep us cool. We get cotton from cotton plants.

In Winter

We wear woollen clothes in winter. They keep our body warm. They also protect us from cold winds. We get wool from sheep, yak, etc.

In Rainy Season

In the rainy season, we wear raincoat and gum-boot. We also use umbrella on a rainy day to protect ourselves from rain.

Have a Look!

Students of the same school wear the same kind of clothes. This is called uniform.

Special Occasions

We wear beautiful and colourful clothes during festivals, birthdays, weddings and other special occasions.

We wear different clothes on different occasions.

Uniforms

People who do special jobs, wear special kinds of clothes called uniforms. A uniform suits the kind of job a person does. Children in schools also wear uniforms.

Student

Doctor

Soldier

Nurse

Lawyer

We should always wear neat and clean clothes.

- ◆ We need clothes to cover our body.
- ◆ Clothes protect us from heat, cold, rain and dust.
- ◆ We wear different clothes in different seasons.
- ◆ Clothes are made of cotton, wool and silk.
- ◆ We should always wear clean and ironed clothes.

A. Tick (✓) the correct option.

1. We wear cotton clothes in:

a. winter

☐

b. summer

☐

c. rain

☐

2. We get wool from a:

a. sheep

☐

b. cotton plant

☐

c. rubber plant

☐

3. Children go to school in

a. dull dresses ☐ b. uniforms ☐ c. fancy dresses ☐

B. Fill in the blanks with the words given in the box.

smart, woollen, cover, cotton

1. We wear _____ clothes in summer.
2. We wear clothes to _____ our body.
3. We wear _____ clothes in winter.
4. Clothes make our look _____ and handsome.

C. Write T for true and F for false.

1. We wear clothes to cover our body.
2. We should keep our clothes dirty.
3. We wear different clothes on different occasions.
4. We go to school in our fancy dresses.

D. Answer the following questions.

1. Why do we wear clothes?

2. In which season, do we wear cotton clothes?

3. How many seasons are there?

4. From where do we get wool?

Skill Based Learning

A. Match the persons with the pictures. One has been done for you.

Postman

Nurse

Doctor

Sweeper

Soldier

Lawyer

B. Ask your mother to give you some pieces of old cotton, wool and synthetic clothes. Paste them on your scrape book. Write under each the name of the season when it is mostly used.

Life Skills and Values

C. We should always wear clean and ironed clothes. They make us look smart.

RACK YOUR BRAIN.

Creative Thinking

- What will happen if you wear only cotton clothes in winter?
- Write how you can help others with your clothes that have become too small to fit you.

TEACHER'S NOTE

- Discuss that some places have their own dresses, for example, turbans in Rajasthan.
- Introduce the concept of identifying workers by their uniforms.

HOUSE

- Types of Houses
- A Clean House

House is an important necessity in our life. We all need a house to live in. We feel safe and comfortable in our house.

Our house has many rooms. We use every room for a different purpose.

Drawing room

Bedroom

We welcome guests in the drawing room. We rest and sleep in the bedroom.

Types of Houses

Kachcha House

A kachcha house is made of clay and straw. The roof is made of thatch or dry grasses. It is also called a hut. It is mostly found in villages. It is not so strong.

Pakka House

A pakka house is made of bricks, cement and iron. The doors and windows are made of glass and wood. It is mostly found in towns and cities.

Caravan

These houses are made on wheels. These are moving houses. Banjaras live in houses on wheels called caravans.

Tent

Some people live in tents. They are temporary houses. In deserts, people live in tents. Soldiers, scouts, N.C.C. (National Cadet Corps) cadets also live in tents.

Wood House

These houses are built up of wood. These houses are mostly found in hills and mountains. They have slopping roofs, so that rain water or snow may fall down easily.

Houseboat

These houses are built up of wood. They are moving houses. They float in lake. These houses are mostly found in Kashmir.

Have a Look!

- Long ago, people lived in caves. They also lived on treetops. They were not comfortable or safe.
- In China, a houseboat is called a 'Sampan'.

A Clean House

It is the responsibility of each member of the house, to help to keep the house neat and clean. We can do so by keeping in mind the following points:

- Make sure that there are lots of doors and windows to allow fresh air and sunlight to come in. Sunlight helps to kill germs.

- Put wire-mesh on doors and windows to prevent flies and mosquitoes from entering the house.
- Build a boundary wall to stop stray animals from entering the house.
- Clean the cobwebs regularly. Keep the dustbins covered.
- Dust the furniture of the house everyday.
- Clean the bathrooms and toilets everyday, and keep them

Recollect .o

- ♦ We need a house to live in.
- ♦ We feel safe and comfortable in our house.
- ♦ There are many kinds of houses.
- ♦ A pakka house has many rooms for different purposes.

A. Tick (✓) the correct option.

- A kachcha house is made up of:
a. clay and straw ☐ b. cement ☐ c. bricks ☐
- A pakka house is built up of:
a. cement ☐ b. mud ☐ c. straw ☐
- The movable houses are:
a. caravans ☐ b. houseboats ☐ c. Both of these ☐

B. Fill in the blanks with the words given in the box.

bricks, cities, clay, bamboo, iron, straw, cement, villages

Pakka House:

made up of _____, _____ and _____.

is mostly found in _____.

Kachcha House:

made up of _____, _____ and _____.

is mostly found in _____.

C. Write T for true and F for false.

1. Caravans are mostly used by banjaras.
2. Pakka houses are mostly found in villages.
3. Wood houses are built up of cement.
4. A kachcha house is also called a hut.

D. Match the following.

- | | |
|------------------|---------------|
| 1. Caravan | a. Permanent |
| 2. Kachcha house | b. Soldiers |
| 3. Pakka house | c. Movable |
| 4. Tent | d. Not strong |

E. Answer the following questions.

1. What kind of houses are used in hilly areas?

2. Who live in tents?

3. Write the names of two moving houses.

(a) _____ (b) _____

4. What is a houseboat?

Skill Based Learning

A. Write the names of rooms with the help of given picture.

1. _____ room

2. _____ room

3. _____ room

4. _____ room

- B.** Count the number of rooms in your house. Draw a picture of your house on a drawing sheet and write the names of different rooms in the picture.
- C.** Make a toy hut with plasticine. You may use hay or shredded paper to make its roof.

Life Skills and Values

- D.** Living in a dirty house can make us sick. So help your parents in keeping the house clean.

RACK YOUR BRAIN.○

Creative Thinking

- Do you think that a house is a good and clean house if there is no wire mesh on the windows, from where mosquitoes and flies can come inside easily?

TEACHER'S NOTE

- Ask the students to describe their houses and their favourite rooms.
- Discuss with the students, the objects found in different rooms.

Our Surroundings

PLACES NEAR MY HOME

- Market
- Park
- Fire Station
- Bank
- Hospital
- Bus Stop
- Police Station
- Post Office

There are many important places like school, bank, market, police station and hospital, in our neighbourhood. We go to these places at times during our need.

Market

There are many shops in the market. Our parents go to buy things from market. Sometimes we also go with them. It is a busy place.

Bank

We go to the bank to keep our money and jewellery safe.

Police Station

The police keeps the neighbourhood safe. Police protects us from robbers and pickpockets. We should also help the police.

Park

We go to the park to play with our friends. The park is a place for fun.

Hospital

We go to the hospital when we are sick or hurt. The doctor gives us medicines. The nurse helps the doctor.

Have a Look!

- You can call the police, ambulance and fire station on telephone number 112.
- A small health facility is called a clinic.

Post Office

We post our letters in a post office. We also get stamps, postcards and postal envelopes from the post office.

Fire Station

When fire breaks out in any building, we inform the fire station. Fire fighters put out the fire with red coloured fire engines.

Bus Stop

The buses stop at the bus stop. We stand in a queue to board the bus.

- ◆ There are many places around our house.
- ◆ They are called our neighbourhood.
- ◆ We go to our neighbourhood places during our need.

A. Tick (✓) the correct option.

1. You go to buy things from the:

a. market

☐

b. hospital

☐

c. police station

☐

2. Where do you go when you are ill or hurt?

a. post office

☐

b. park

☐

c. hospital

☐

3. Where do you play?

a. Fire station

☐

b. Park

☐

c. Market

☐

B. Fill in the blanks with the words given in the box.

bank, park, post, hospital

1. We post our letters in a _____ office.
2. When we are ill, we go to the _____.
3. We go to the _____ to keep our money safe.
4. We go to the _____ to play.

C. Write T for true and F for false.

1. We post our letters in a post office.
2. We go to the park to play.
3. We go to the market to keep our money safe.
4. The doctor gives us stamps and postcards.

☐
☐
☐
☐

D. Match the following.

- | | |
|----------------|-----------|
| 1. Post office | a. Doctor |
| 2. Park | b. Bus |
| 3. Hospital | c. Play |
| 4. Bus stop | d. Letter |

E. Answer the following questions.

1. Where do you go when you are sick?

2. Where do you play with your friends?

3. From where can you buy stamps and postcards?

4. Who live in your neighbourhood?

Skill Based Learning

A. Write the names of the following places.

B. Collect the pictures of some neighbourhood places and prepare a collage of them.

Life Skills and Values

C. Plant a sapling in your neighbourhood park and look after it. You may even call it by a pet name.

RACK YOUR BRAIN.○

Creative Thinking

- What will you do if you see your elderly neighbour walking home with a heavy bag?

TEACHER'S NOTE

- Discuss about the different people who lives in your neighbourhood.

OUR SCHOOL

- Parts of School
- Helpers in School

Children go to school to learn many things. Some children go to school by bus. Others go on cycles or walk to school. Sometimes a family member drops them off at school in a car or other vehicles.

Parts of School

Our Principal sits in the Principal's room. He/She is the head of the school.

Our teachers use the staff room in their free periods.

We sit and study in our classroom.

We attend the assembly and school functions in our school hall.

We read books in our library.

During our lunch break, we buy eatables from our canteen.

We play different games in our playground with our friends.

We learn to sing and dance in our music and dance room.

Helpers in School

The Principal is the head of a school. Different teachers teach different things in a school. There are many other people who help us in school.

Have a Look!

We celebrate teacher's day on 5th September in the memory of Sh. S. Radha Krishnan.

The Principal

The Teacher

The school bus driver drops us off at school and takes us back home.

The peon serves at school in many ways.

The Bus Driver

The Peon

The gardener takes care of the school garden.

The sweeper cleans the school compound.

The Gardener

The Sweeper

Recollect

- ◆ We go to school to learn many good activities.
- ◆ School has different rooms for different activities.
- ◆ Many people are in school who help us in many ways.

A. Tick (✓) the correct option.

1. We take part in our school functions in our:

a. classroom ☐ b. library ☐

c. school hall ☐

2. Who teaches you?

a. Gardener ☐ b. Teacher ☐ c. Peon ☐

3. Who is the head of your school?

a. Principal ☐ b. Teacher ☐ c. Sweeper ☐

B. Fill in the blanks with the words given in the box.

books, write, principal, playground

1. We learn to read and _____ in the school.
2. We read _____ in the library.
3. We play games in our _____.
4. The _____ is the head of a school.

C. Write T for true and F for false.

1. Our teachers sit in their free period in staff room.
2. We play in the library of the school.
3. We sit and study in our classroom.
4. We learn to dance in our canteen.

D. Match the following.

- | | |
|---------------|------------------------|
| 1. Staff room | a. Singing and dancing |
| 2. Library | b. Food |
| 3. Music room | c. Teachers |
| 4. Canteen | d. Books |

E. Answer the following questions.

1. Write the name of your Principal.

2. Where do children play?

3. What do you learn in school?

4. How do you go to school?

Skill Based Learning

- A.** Draw a picture of your classroom. Show all the things in the classroom. Colour the picture.
- B.** Fill in your school time-table here.

Periods Days	I	II	III	IV	I N T E R V A L	V	VI	VII	VIII
Monday									
Tuesday									
Wednesday									
Thursday									
Friday									
Saturday									

Life Skills and Values

- C.** You should keep your school clean. Always throw the garbage in to the dustbin. Switch off the lights and fans when there is no one in the classroom.

RACK YOUR BRAIN.○

Creative Thinking

- Which room will you go to, if you feel unwell in the school?
- What will you do if one of your friends forgets to bring his/her pencil box to school?

TEACHER'S NOTE

- Familiarise the students with different rooms in the school. Discuss with the students what they love about their school.

OUR FESTIVALS

- Religious Festivals
- National Festivals

India is a country of festivals. We celebrate many religious festivals with great joy. We celebrate the religious and national festivals with our family, friends and relatives.

Religious Festivals

Diwali

Diwali is the festival of lights. On this day, Lord Rama returned to Ayodhya after killing Ravana. At night, people decorate their homes with candles and diyas. Goddess Lakshmi is worshipped on this day.

Eid

People fast for thirty days before celebrating Eid. People go to the mosque to pray (*Namaz*). They wish each other '*Eid Mubarak*'. A special dish called '*Sewain*' is prepared on this day.

Gurpurab

The birthday of the ten Sikh Gurus is celebrated as Gurpurab. People pray in gurudwaras and take community food called '*Langar*'. They read the holy book 'Guru Granth Sahib'.

Christmas

Christmas is celebrated as the birthday of the Jesus Christ. Christmas is celebrated on 25th December. People decorate the christmas tree. They visit the church and they also exchange gifts.

Have a Look!

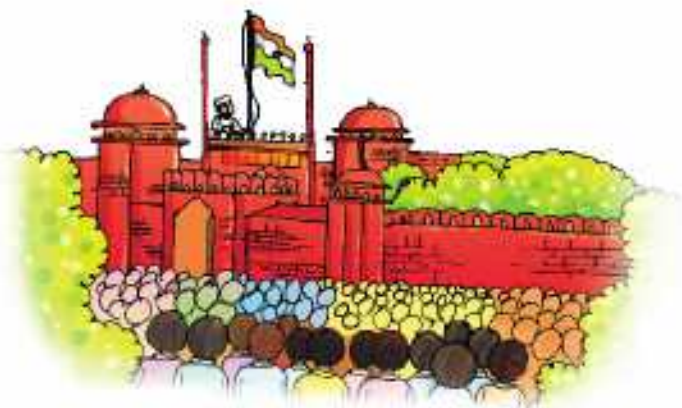

Children believes that Santa Claus brings gifts for children in the late evening or overnight hours on christmas Eve or December 24th.

National Festivals

The national festivals are celebrated throughout the country. Some national festivals are given below:

Independence Day

Independence day is celebrated on 15th August. The function is held in Delhi at Red Fort.

Republic Day

Republic Day is celebrated on 26th January. On this day, the function is held in New Delhi at Vijay Chowk. A special parade of armed forces, police forces and school children is held here.

Gandhi Jayanti

Gandhi Jayanti is celebrated on 2nd October. It is the birthday of Mahatma Gandhi, the father of our nation. On this day, ministers and people visit the Samadhi of Mahatma Gandhi at Raj Ghat in Delhi.

- ♦ India is a country of festivals.
- ♦ Different people celebrate different festivals.
- ♦ We celebrate the religious and national festivals both.
- ♦ Festivals bring us together and increase our love and harmony.

A. Tick (✓) the correct option.

- The festival of lights is:
a. Eid ☐ b. Holi ☐ c. Diwali ☐
- 'Sewain', a special dish is prepared on:
a. Diwali ☐ b. Christmas ☐ c. Eid ☐
- Republic Day is celebrated on
a. 26th January ☐ b. 2nd October ☐ c. 15th August ☐

B. Fill in the blanks with the words given in the box.

national, 25th December, 2nd October, festivals

- Christmas is celebrated on _____.
- Gandhi Jayanti is celebrated on _____.
- India is a country of _____.
- Republic day is a _____ festival.

C. Write T for true and F for false.

1. People go to the mosque to pray (*Namaz*) on Eid festival.
2. Gandhi Jayanti is celebrated on 26th January.
3. The birthday of the ten Sikh Gurus is celebrated as Gurpurab.
4. Christmas is celebrated on 25th December.

D. Answer the following questions.

1. Write the names of any two national festivals.

(a) _____

(b) _____

2. Where do the people take the '*Langar*'?

3. Which special dish is cooked on Eid?

4. How do we celebrate Diwali?

Skill Based Learning

Art Integration

- A.** Take a drawing sheet. Place your hand on the sheet and draw the outline of your hand. Number each finger and draw a line above each. Paste a picture related to the festival you enjoy the most on

the palm and write the name of the festival. Write five things that you enjoy doing on this festival, on the line, above each finger. You can make more such outlines of your hand — one for each festival.

- B.** Take a chart paper and paste on it the pictures related to the three national festivals. Write the names of the festivals below the pictures.

Life Skills and Values

- C.** On festivals, we should pledge to put smiles on the faces of poor and underprivileged children. We may distribute sweets and some other gifts to such children.

RACK YOUR BRAIN.○

Creative Thinking

- Why do people exchange gifts and greet each other happily on festivals?
- Why is it important to burst crackers in the presence of an elder?

TEACHER'S NOTE

- Discuss the stories behind these festivals with children. Tell them how these festivals represent our culture and are an important part of our culture.

ANIMAL WORLD

- Types of Animals
- Movement in Animals
- Birds

There are many animals in our neighbourhood. They are different in shapes and sizes. Some of them are small, big and very big in size.

Types of Animals

Land Animals

Animals like horses, dogs, cows and rabbits live on land. They are called land animals.

Dog

Cow

Horse

Rabbit

Water Animals

Some animals like dolphins, fishes and whales live only in water. They are called water animals.

Dolphin

Fish

Whale

Some animals like frogs, crocodiles and tortoises can live both in water and on land.

Frog

Crocodile

Tortoise

Wild Animals

Some animals live in the forest. They are called wild animals.

Bear

Tiger

Elephant

Giraffe

Domestic Animals

Some animals give us useful things. We keep them in our houses. They are called domestic animals.

Donkey

Buffalo

Goat

Camel

Have a Look!

- Giraffe is the tallest animal.
- Blue whale is the largest animal in the world.
- Kiwis and penguins are birds that cannot fly.

Pet Animals

We keep some animals in our homes. They provide us fun and recreation. They are called pet animals. Cats, parrots, pigeons, etc. are pet animals.

Cat

Parrot

Pigeon

On the basis of their eating habits, animals are of three types — plant eaters, flesh eaters and omnivores.

Plant Eaters

Plant eaters like to eat grass leaves, fruits and plants. Elephants, monkeys, cows, etc. are plant eaters.

Elephant

Monkey

Cow

Flesh Eaters

Flesh eaters like to eat flesh of other animals. Lions, vultures, foxes, etc. are flesh eaters.

Lion

Vulture

Fox

Omnivores

Omnivores are the animals that eat both plants and animals. For example, crows, bears, dogs, etc.

Crow

Bear

Dog

Birds

Birds are animals that can fly.

Birds have wings to fly in the air.

Sparrow

Crow

Eagle

Movement in Animals

All animals move in different ways. For example,

- Snakes and earthworms do not have legs. They wriggle on the ground.
- Fish move with the help of fins and tails. They have no legs.
- Animals like caterpillar and squid have many legs. They help these animals to crawl.
- Animals like octopus, scorpion, some starfish and spider have eight legs.
- Insects like mosquito, ant and housefly have six legs. Some insects have wings to fly.
- Birds have two legs which help them to perch on branches of trees and to hop or walk on the ground. They have

- ◆ Animals are different in shapes and sizes.
- ◆ Some animals live on land, some in water and some can live on land as well as in water.
- ◆ We keep domestic animals in our houses.
- ◆ Animals with wings are called birds.

A. Tick (✓) the correct option.

- Which of the following is not a pet animal?
a. Cat ☐ b. Tiger ☐ c. Elephant ☐
- Which of the following is a domestic animal?
a. Cow ☐ b. Tiger ☐ c. Bear ☐
- Which of the following is a water animal?
a. Dolphin ☐ b. Fox ☐ c. Pigeon ☐

B. Fill in the blanks with the words given in the box.

wild, sizes, pet, water, shapes

- Animals are different in _____ and _____.
- Cat and parrot are _____ animals.
- Whale is a _____ animal.
- Animals that live in the forest are called _____ animals.

C. Write T for true and F for false.

1. All animals are same in sizes.
2. Birds are animals that can fly.
3. Domestic animals give us useful things.
4. Plant eaters like to eat flesh of other animals.

D. Answer the following questions.

1. Write the names of any two domestic animals.

(a) _____

(b) _____

2. Write the names of any two birds.

(a) _____

(b) _____

3. What are pet animals?

4. What are wild animals?

Skill Based Learning

A. Write 'W' for wild animals, 'P' for pet animals and 'D' for domestic animals.

B. Circle the animals which we see in or near our homes.

Art Integration

C. Take a chart paper. Divide it into three parts. Paste the pictures of five wild animals, five birds and five insects on them. Write their names below their pictures.

D. Divide the class into many groups of five. Each group will choose a wild animal. Each member of the group will present different facts about the animal chosen by the group. The facts may include how that animals speaks, walks, its eating, its shelter and its physical features.

Life Skills and Values

E. We should not tease the animals by pulling their tails or throwing something at them.

RACK YOUR BRAIN.○

Creative Thinking

- What will you do if you see a wounded chick fallen from its nest?
- Why can't we keep the wild animals at our homes?

TEACHER'S NOTE

- Ask the students about animals they have seen in their neighbourhood. Ask them to prepare a list of such animals.
- Discuss with the students that different animals have different habitats. Talk about polar animal as well.

OUR EARTH

- The Earth
- Water
- Land

The Earth

The Earth is our home. It is round like a huge ball.

The Earth's surface is made up of a lot of water and some land masses.

The entire Earth is covered by a layer of air.

Earth

Land

Land

All the ground on the Earth is called land. We build our homes and live on land.

Many plants and animals also live on land. Land is not the same everywhere.

Some parts of land are flat. They are called plains. Crops grow well there.

Valleys are formed between mountains and hills.

Some parts of land are hot and dry. They are called deserts. Not many plants grow there.

Some parts of land rise above to form mountains and hills. They are cold areas and most of them are covered with snow.

Water

All living things need water to survive. Most of the Earth is covered with water. Some plants and animals live in water.

Rain is the main source of fresh water.

Fresh water is found in ponds, lakes and rivers. We can drink this water and use it for other purposes.

Pond

River

Lake

The water in the seas and oceans is salty. We cannot drink and use this water.

A. Tick (✓) the correct option.

1. We live on _____.
a. Moon ☐ b. Water ☐ c. Earth ☐
2. Flat lands are called _____.
a. plains ☐ b. mountains ☐ c. deserts ☐
3. The shape of the earth is _____.
a. square ☐ b. round ☐ c. triangle ☐

B. Fill in the blanks with the words given in the box.

Valleys, land, water

1. All the ground on the Earth is called _____.
2. _____ are formed between mountains and hills.
3. All living things need _____ to survive.

C. Write T for true and F for false.

1. Land is not the same everywhere.
2. We need air for many activities in our daily life.
3. Rain is the main source of salty water.

D. Answer the following questions.

1. What is land?

2. Where is fresh water found?

3. Where do crops grow well?

Skill Based Learning

Life Skills and Values

- A.** We should breathe in clean and fresh air. Gases from factories, vehicles and burning fire make the air dirty and causes air pollution. We should control these activities and reduce air pollution.

RACK YOUR BRAIN.

Creative Thinking

- What would happen if there is no water on the Earth?
- When someone comes to your house, what is the first thing that you should offer him — water, flower or money?

TEACHER'S NOTE

- Explain the different uses of land, air and water in the class, to the students in detail.

MEANS OF TRANSPORT

- Land Transport
- Air Transport
- Water Transport
- Be Safe

To move from one place to another, we use different vehicles. These vehicles are also used to carry goods. They can be used on land, in water or in the air.

Land Transport

Many vehicles like bus, car, auto-rickshaw, motorcycle and cycle-rickshaw travel on the road.

Car

Bus

Train

Auto-rickshaw

Scooter

Cycle-rickshaw

Some move very fast. Some are slow.

Some give out smoke. Some do not give out smoke.

A train runs on railway track.

A metro is a special train.

Water Transport

Yacht

Boat

Ship

Raft

We travel by water transport to far off places. People who live near water, travel by boats. Ships are very large boats.

Ships sail on the sea.

Have a Look!

- A wooden cart is pulled by the bullocks.
- Similarly, a tonga is pulled by a horse.

Air Transport

We can travel in the sky by aeroplane and helicopter.

These vehicles help us to travel fast.

An aeroplane takes off and lands at an airport.

Helicopter

Aeroplane

Be Safe

Wear helmet and knee pads on a bicycle.

Wear a life jacket in a boat.

Wear a seat belt in an aeroplane.

- ◆ We use different means of transport to travel.
- ◆ We use two-wheelers, three-wheelers and four-wheelers to travel on road.
- ◆ We can also travel by air or water.

Let's Do!

A. Tick (✓) the correct option.

1. The vehicle that moves on the sea is:

a. aeroplane ☐ b. ship ☐ c. auto-rickshaw ☐

2. We can travel in the sky by:

a. train ☐ b. car ☐ c. aeroplane ☐

3. We should use helmet and knee pads on a/an:

a. bicycle ☐ b. boat ☐ c. aeroplane ☐

B. Fill in the blanks with the words given in the box.

boats, railway, vehicles, aeroplane

1. We use different _____ to move from one place to another.
2. The trains run on _____ tracks.
3. Ships are very large _____.
4. We can travel in the sky by _____.

C. Write T for true and F for false.

1. We should wear life jacket in an aeroplane.
2. An aeroplane takes off and lands at any railway tracks.
3. Metro is a special train.
4. People who live near water travel by bus.

D. Match the following.

- | | |
|--------------|-----------------------------------|
| 1. Train | a. Very large boat |
| 2. Metro | b. Takes off and lands at airport |
| 3. Ship | c. Runs on railway tracks |
| 4. Aeroplane | d. Special train |

E. Answer the following questions.

1. Write the names of any two means of water transport.
(a) _____ (b) _____
2. Write the names of any two means of land transport.
(a) _____ (b) _____
3. Write the names of any two means of air transport.
(a) _____ (b) _____
4. What should we wear during the travel in a boat?

Skill Based Learning

A. Tick (✓) the correct option.

		Land transport	Air transport	Water transport
		☐	☐	☐
		☐	☐	☐
		☐	☐	☐
		☐	☐	☐

Art Integration

B. Let's make a log cart which the early man used. Take five pencils of the same size. Tie them all one after the other like a flat cart. Tie a thread in the middle of the first pencil. Now place an eraser or a small box on top of this log cart and move it by pulling the thread.

Life Skills and Values

C. Vehicles run on fuel. But fuels like petrol and diesel give out harmful smoke. Which is not good for our health and environment. We should use CNG which is an environment-friendly fuel.

RACK YOUR BRAIN.○

Creative Thinking

- Why can't you travel to your school by aeroplane everyday?

TEACHER'S NOTE

- Ask the students about the vehicles that they use to go to nearby places and to the places far away.
